Aufgabe 1: Schreibt den folgenden Text ins „*Simple Past*“ um!

Peter has a beautiful day

I wake up late, because it is Sunday. Today I want to go to the beach with my friends. I know that the sun is shining and all my friends have time for me. The beach is not far away and I drive with my bike. My mother makes sandwiches for us and she tells me not to forget the sun cream. I meet my best friend David and we go to a supermarket to buy sun cream and something to drink. As we arrive at the beach we see our friends, say hello and we look for a good place at the beach. We swim a lot and we eat lots of ice cream. We come back home at seven o'clock and I think it was a beautiful day. I fall asleep at ten o'clock.
