“Learning at home (homeschooling) is better than attending a regular school.”  
Give your opinion.

- 1 Look at Laura’s text and fill in the missing phrases.  
(This is Laura’s text. She prefers attending a regular school.)

To sum up - From my point of view – I disagree with – I don’t think that – This means

\_\_\_\_\_ this statement. \_\_\_\_\_ that homeschooling is a good way to learn. There are a lot of different things you can do at a regular school that you can’t do at home – like experiments in the school lab or organising a school party. Furthermore, you meet a lot of friends if you go to a regular school. \_\_\_\_\_ it is important to learn together with other pupils. \_\_\_\_\_ to discuss and solve problems together. \_\_\_\_\_, there are a lot of convincing reasons why a regular school is better than homeschooling.
